PROFILE

Product-minded operator with experience across analytics, market research, and business strategy. Led the end-to-end development of an AI-powered roommate compatibility platform, from user research and data collection to product design and deployment. Brings a combination of analytical rigor, ownership, and execution, with experience solving unstructured problems and driving initiatives independently.

SKILLS

- **Analytics & Technical:** Python, SQL, Power BI, Advanced Excel, Data Analytics, Dashboard Development, Data Visualization
- **Business & Strategy:** Business Analysis, Market Research, Competitive Intelligence, Growth Analysis, Data Storytelling
- **Core Strengths:** Ownership, Structured Thinking, Execution, Adaptability, Communication, Cross-Functional Collaboration

VENTURE & PRODUCT EXPERIENCE

AI-Powered Roommate Compatibility Platform -- *Independent Product Initiative* 2026 – Present

- Designed and developed an end-to-end roommate compatibility platform addressing compatibility challenges in shared housing.
- Built a personality prediction framework leveraging NLP techniques to generate compatibility insights from user-generated descriptions.
- Developed a hybrid recommendation engine combining structured attributes, behavioral patterns, and personality signals.
- Led the complete product lifecycle including problem identification, research design, data collection, feature prioritization, model development, testing, and deployment.
- Designed the platform with potential applications in co-living, student housing, rental marketplaces, and community-building ecosystems.

PROFESSIONAL INTERNSHIPS

Data Analytics Intern -- Indhaan Jan 2025 – May 2025

- Built 3 financial models analyzing debt scenarios, reducing repayment time by 18% and interest cost by 12%.
- Generated financial insights to improve personalized recommendations and optimize decision efficiency.
- Developed user segmentation model using 4 financial variables, improving recommendation accuracy by 30%.

Market Research Intern -- HRAnezi, Mumbai May 2024 – Jul 2024

- Worked closely with the Business Development (BD) team to support brand growth.
- Conducted brand analysis of 7 competitors, covering positioning, messaging, pricing models, and service differentiation.
- Handled large-scale Excel data (>10,000 rows) with dedicated cleaning and organization.

Market Research Intern -- Salesera Jan 2024 – May 2024

- Automated Python data extraction & cleaning for lead analysis, cutting processing time by 50% and achieving 95%+ accuracy.
- Identified growth opportunities from analyzed data, generating 50-100+ high-potential leads.

TECHNICAL PROJECTS

- **Tesla Stock Prediction:** Time-series forecasting with Facebook Prophet, achieving ~15% lower MAE/RMSE on historical data.
- **Electronic Sales & Brand Performance Dashboard (Tableau):** Built real-time dashboards to track sales trends, performance metrics, and support data-driven business decisions.
- **Wine Data Analysis (Excel):** Automated spreadsheets improving data management, validation rules, and entry accuracy.
- **Roommate Matching System:** Built a matching system using K-means + BERT analyzing lifestyle, personality, academics, and finance metrics.

EDUCATION

B.Sc. Data Science & Business Analytics -- HSNC University Mumbai (CGPA: 7.7/10) 2022 – 2025

- Science Honours Program
- **Senior Secondary (Class XII)** -- Kesharbai Lahoti Mahavidyalaya (89%)
- **Secondary (Class X ICSE)** -- Tomoae Primary English Medium School (77.7%)

CERTIFICATIONS & EXTRA CURRICULAR

- **British Airways Data Science (Forage):** Python sentiment & exploratory analysis of airline reviews.
- **Certified Data Scientist (Udemy Bootcamp):** ML, cross-validation, hyperparameter tuning, data cleaning.
- **IBM AI Engineering Professional Certificate:** Deploying and scaling ML/deep learning models (TensorFlow, PyTorch, Spark).
- **Extra Curricular:** Women's Cricket Team All-rounder (HSNC University), Diploma in Interior Design, Guitar performances.
